同质透心防静电PVC卷材

HOMOGENEOUS ANTI-STATIC PVC ROLL FLOOR

Comply with ISO14001, Using European advanced production technology, Insure the raw materials and production meet European standard.

ALTENA 阿纳

HEALTHY AND ANTI-MICROBIAL

It can effectively inhibit the growth of M.A.S.A. Comply with the limit testing of national harmful substances (GB18586), the product don't have any harmful substances for human

PVC防静电(耗散型)卷材

SIZE/尺寸:

2.0mm x 2.0m x 20m

2.5mm x 2.0m x 15m (可定制)

3.0mm x 2.0m x 15m (可定制)

产品特性 Products Property

阿纳防静电 pvc 卷材, 具有永久性防静电功能。广泛适用于电子、洁净室、计算机、医院、电信、航天航空等精密仪器和设备专用场所。

ALTENA Anti-Static PVC roll floor, permanent anti-static property. The products are widely used in the place of precise instrument and professional equipment, including electronics, clean room, computer room, hospital, telecommunication, airspace ...etc.

环保材料 Environmentally-Friendly Materials

通过 ISO14001 环境质量体系认证, 采用欧洲先进的生产工艺, 确保产品的原材料加工生产达到欧洲标准

Comply with ISO14001, Using European advanced production technology, insure the raw materials and production meet European standard.

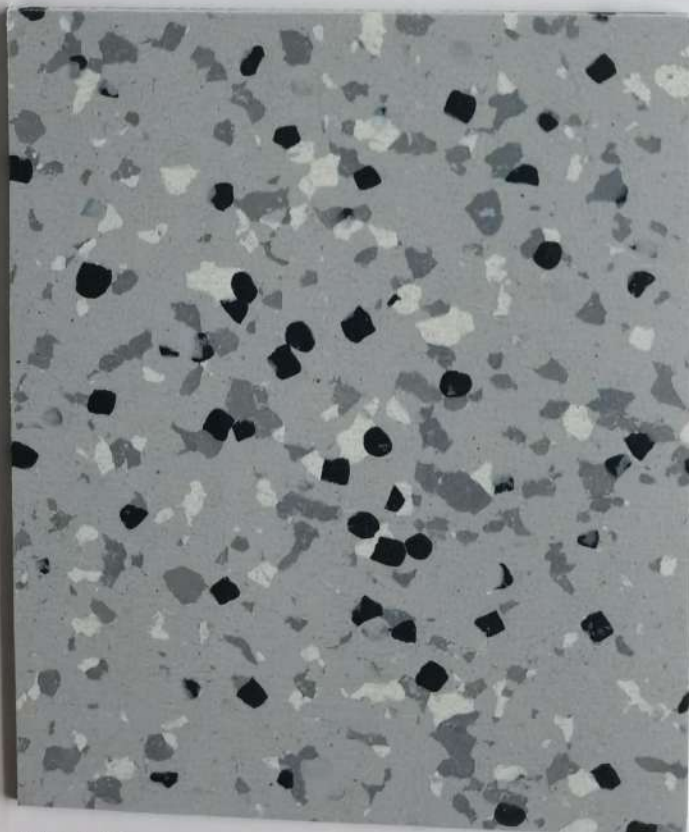

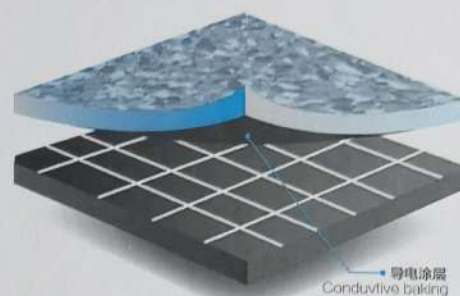

经久耐用 Durable

产品具有优越的稳定性和耐磨性, 满足各种公共大流量场所的使用要求。经久耐用, 抗压耐性能良好。

This product has excellent stability and wear resistance, meet the usage of all kind of public huge traffic site, durable, perfect stress resistance and wear resistance
